

Cellular Operators Association of India

April 27, 2009

Mr. Ashwani Budhiraja
Managing Director
Mobile Standard Alliance India
2nd Floor, Plot No- 4 Commercial Complex
Lawrence Road Industrial Area
Delhi – 110035

Dear Mr. Budhiraja,

Subject: Genuine IMEI Implant (GII) Program – Direction to Meet Requirement of National Security

This is with reference to our joint effort in creating an acceptable solution for the Genuine IMEI Implant (GII) Program and successfully demonstrating it to the Department of Telecommunications, Security Agencies and Network Operators.

We are the enclosing letter from Department of Telecom, regarding approval for GII program outlining the guidelines to be followed for implementation of this program. Thus, we request you to start operationalizing the GII program by setting up the GII centres across India with immediate effect. COAI is commissioning MSAI on an exclusive basis to carry out this exercise.

Please note that with the above approval, you are required, with immediate effect, to provide a weekly report to COAI on the status of the GII Program from pilot to the full implementation.

Kind Regards,

T.V. Ramachandran
Director General

CC : Mr. Ashoek Gupta, Secretary, MSAI
